### **Clearance for shootings & filming permissions**

Dear press photographers,  
decorated directors,  
appreciated editors,

Insomnia - the avant-garde hedonistic NightClub - basically gives  
**NO** filming-permits or photo-clearances\*) to the public for club-events.  
However, the club can be hired for photo-shootings and filmings at off-peak-times.

We have a domestic photographer whose photos are available as a zip-file  
provided on our homepage labeled "Presse" (at the bottom down right,  
there reading „Presse-Fotos“). These photos can only be used free of charge  
in conjunction with INSOMNIA - avantgarde hedonistic Night-Club.

#### Please note that:

Pictures from our homepage are available to be published only by providing the  
readable caption "Foto: Yoran Nesh - [www.insomnia-berlin.de](http://www.insomnia-berlin.de)". Assignments of  
personality-rights on these images are on Insomnia-hands as signed permission.

All the photos from the "Galerien"-section are **NOT available to the press!**  
Any reproduction or distribution is accusable for prosecution.

#### \*)Filming Permit & photo Clearance: EXCEPTIONS

External photographers will receive a special permit upon request, but only for  
Insomnia specials, in-house events, Filmparties or Red-Carpet-Moments ...

You can shoot pictures from the show or performance-program. Recordings of our  
guests exclusively only after detailed consultation with Dominique, without disturbing  
the others and only with "Okay" of the depicted persons, so no personality-rights are violated!

Sincerely yours,

Insomnia – avantgarde hedonistic NightClub

*yours truly, Dominique*
